

§ 671.160

§ 671.160 What rapid response activities are required before a national emergency grant application is submitted?

(a) Rapid response is a required Statewide activity under WIA section 134(a)(2)(A), to be carried out by the State or its designee in collaboration with the Local Board(s) and chief elected official(s). Under 20 CFR 665.310, rapid response encompasses, among other activities, an assessment of the general needs of the affected workers and the resources available to them.

(b) In accordance with national emergency grant application guidelines published by the Department, each applicant must demonstrate that:

(1) The rapid response activities described in 20 CFR 665.310 have been initiated and carried out, or are in the process of being carried out;

(2) State and local funds, including those made available under section 132(b)(2)(B) of the Act, have been used to initiate appropriate services to the eligible workers;

(3) There is a need for additional funds to effectively respond to the assistance needs of the workers and, in the case of declared emergencies and natural disasters, the community; and

(4) The application has been developed by or in conjunction with the Local Board(s) and chief elected official(s) of the local area(s) in which the proposed project is to operate.

§ 671.170 What are the program and administrative requirements that apply to national emergency grants?

(a) In general, the program requirements and administrative standards set forth at 20 CFR parts 663 and 667 will apply.

(b) Exceptions include:

(1) Funds provided in response to a natural disaster may be used for temporary job creation in areas declared eligible for public assistance by FEMA, subject to the limitations of WIA section 173(d), this part and the application guidelines issued by the Department;

(2) National emergency grant funds may be used to pay an appropriate level of administrative costs based on the design and complexity of the

20 CFR Ch. V (4–1–13 Edition)

project. We will negotiate administration costs with the applicant as part of the application review and grant award and modification processes;

(3) The period of availability for expenditure of funds under a national emergency grant is specified in the grant agreement.

(4) We may establish supplemental reporting, monitoring and oversight requirements for national emergency grants. The requirements will be identified in the grant application instructions or the grant document.

(5) We may negotiate and fund projects under terms other than those specified in this part where it can be clearly demonstrated that such adjustments will achieve a greater positive benefit for the workers and/or communities being assisted.
